

WILSON'S ISSUE, LEFT DECLARES

Presidential Election Not a Referendum on League of Nations

NEW HAVEN, Conn., Oct. 30.—Former President William H. Taft in an address here tonight declared the "present presidential election is not a referendum, the result of which will determine whether the American people are in favor of Mr. Wilson's league or against it. The issue of this campaign is whether we shall approve the Wilson administration."

"It is idle to say," Mr. Taft asserted, "that the paramount issue of the campaign is the league of nations. The situation makes impossible a fair and just referendum of the subject of a league with or without article ten."

The Republican victory means a disapproval of the Wilson administration and a desire to transfer power to the Republican party—that is all it means."

Referring to President Wilson's health, Mr. Taft said that under ordinary circumstances it would be ungracious to dwell on the errors and shortcomings of his administration and to trace them to the character and personality of the man.

"And, yet," he added, "it is impossible to discuss the issues of the present campaign without doing this."

ROMANIA KNOWS WHAT CROWD IS

(By the Associated Press.)

BUCHAREST, Rumania, Oct. 30.—(Correspondence.)—If Americans feel that their subway railroads and trolley cars are crowded, conditions in Rumania and other parts of the Balkans are worse. Railroad traffic today in Rumania is so great that passengers ride on the roofs of every train by the hundreds. When the tops of the trains are so crowded that they can hold no more, the passengers cling to the running boards, sit on the humpers and even on the under framework of the car. The fare is the same whether the passenger rides in a compartment or on the roof of the train, and the cars are frequent. Often when a train has entered a tunnel a number of passengers have been swept off the roof to their death.

The congested traffic is due to the small number of locomotives and coaches available and to insufficient track. Most of the country's rolling stock was destroyed by the Germans or destroyed. Some of the locomotives and cars have been replaced but the number is far from adequate. A large American locomotive company has contracted to send a number of engines here, taking in payment a quantity of oil.

There are at present less than 2000 locomotives in Rumania, including the newly-acquired province of Transylvania and Bessarabia. About half this number are in order. Most of them are of German or Hungarian construction. There is such a shortage of passenger coaches that box cars are used for the conveyance of the public.

The total track in Greater Rumania is about 10,000 miles. This has to serve an area of nearly 200,000 square miles and a population of 13,000,000. Many of the steel rails are almost entirely worn out and the road beds are in a state of disrepair. Rumanian railway officials say that American railroad men and engineers would do well to investigate business prospects in Rumania. Railroads must be constructed and others doubled. The country will require an enormous quantity of railroad supplies to re-equip and reconstruct the lines that suffered during the war. Bridges also must be built, canals cut and harbors extended.

CAMPAIGN IN KENTUCKY IS HOTLY CONTESTED

LOUISVILLE, Oct. 30.—Kentucky's political campaign probably the most hotly contested in the history of the state was practically closed tonight. Much interest has been manifested in the contest by the women, and it is estimated that their vote will be at least forty per cent of the entire vote of the state.

Campaign Manager John L. Gray has predicted victory for Cox and Roosevelt by a "large majority."

That the Republicans will carry the state by a majority of 21,000 is the prediction of Chesley R. Seay, Republican campaign manager.

QUIT MEAT WHEN KIDNEYS BOTHER

Take a glass of Salts if your Back hurts or Bladder troubles you.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of burning, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.—Advertisement

FURTHER LIGHT DEMANDED ON SLAYING OF PASTOR-LANDLORD

CHICAGO.—Further investigation of the shooting of the Rev. Frederick G. Roth, minister-landlord, by one of his tenants, Fred W. Sestro, last night, will be asked by Max C. Liles, attorney for the pastor, in his controversy with his tenants. A coroner's jury exonerated Sestro, who says he shot Roth in the hallway of the apartment house, believing him a burglar. Liles says he is not satisfied that all of the facts have been brought to light. Roth had been accused of profiting by his tenants and some had posted placards in their windows denouncing him as an unfair landlord. The picture shows Roth (center), and his children, Ruth (left), aged 2, and Mrs. Lucille Weston, center, another tenant, who found Roth's body before her door.

DON B. COLTON AND MRS. HYDE ADDRESS REPUBLICAN RALLY AS CLOSING FEATURE OF CAMPAIGN

Winding up the Republican rallies in Weber county, Don B. Colton, candidate for congressman from the first congressional district and Mrs. Jeanette A. Hyde of Salt Lake, addressed an audience in the Weber Normal college auditorium last night. Both speakers covered national and local issues and the league of nations subject and each in turn appealed to the voters to send Senator Reed Smoot back to the senate in "the interests of the nation and of Utah."

Despite the gale which swept the city and brought with it heavy rain and rain, a goodly sized audience appeared at the college. The storm was so terrific shortly before the meeting that it was believed that but few would brave the sheets of rain and the rally would have to be postponed. The auditorium, however, was just comfortably filled and the audience proved enthusiastic.

MUSIC ENJOYED

A pleasing feature of the rally was the appearance of Miss Mary Fisher, violinist, who gave several selections and won great applause. Louise Plank, sister of the violinist was accompanist.

The final rally was arranged under the auspices of the Women's Republican club of Weber county and Mrs. G. Marriott, president of the organization, presided and introduced the speakers. Mrs. Marriott also sounded the note of confidence in the coming election for the Republican party.

Mr. Colton asserted that the Democratic party had sought to take an unfair advantage when it stated that he had been elected as a Republican. He declared that Senator Harding has declared openly, at fourteen separate instances during the campaign, that he favored a league which would accomplish the same purpose.

TAXATION QUESTION

"Not since the year of 1861 have such a problem faced the country as today," Mr. Colton said, "I am not one of those who believe that the league of nations is the only problem before the United States for solution. But the Democratic party is trying to make it appear the league is the only issue, in order that the people might forget their taxation and their promises in both nation and state, which have not been fulfilled."

"The opposing party is trying to cover their mistakes with a huge smoke screen and camouflage. They are trying to make the people believe that the only way the American people can get the league of nations is through the Democratic party and to elect Republicans will bring chaos and war. They take the people into sympathetic channels in order to lead them away from the issues which show broken promises."

PRIZE FOR SMOOT

"The United States must get back to the peace basis as soon as possible and to accomplish this the country needs the guidance of strong and steady hands," Senator Reed Smoot is one we can depend upon to bring this about. He will be one of the most valuable men in the senate in the reorganization of federal departments which is to take place soon in Washington. Don't you think it a poor time, when the country is facing grave problems, and Senator Smoot has worked himself up to the position of ranking member of two of the most important committees in the senate to turn him down and put a new man in his place?"

Continuing his outline of the league covenant, the speaker said:

"When members of the senate wrote in reservations to the league covenant as brought back from Versailles by President Wilson, they were only doing their duty as Americans. It is a matter of record that many Democrats as well as Republicans voted for these reservations as Senator Smoot, who is now talks as if he always opposed the league and that all the Democrats

WILL GERMANY ENTER LEAGUE? WHY YANKS LOST GREAT AIR RACE

Question Will Open Fight at Geneva Meeting Observer Holds

BY MILTON BRONNER
European Manager, N. E. A.

LONDON, Oct. 30.—Shall Germany and the other ex-enemy countries be admitted to the league of nations? That is going to be the cause of the biggest fight at the initial meeting of the assembly of the league at Geneva in November.

Scandinavia says "Yes." France says "No." Great Britain will probably say "Yes."

And the fight is on to round up enough votes either to accept or reject, according as one looks at it.

WILL USE U. S.

Significantly enough, the United States, which is not in the league and which will not be represented at the sessions of the assembly, will be used by French statesmen as the excuse for keeping Germany out of the league.

When the assembly meets, it is very probable Sweden, backed up by Norway and Denmark, will propose that Germany be made a member of the league. The view of the Scandinavian statesmen is no league can be called in real league as long as the former enemy countries are excluded from it.

The French statesman, I understand, are trying to line up a block of states in opposition to Germany.

HER TRUMP CARD

As a result of this France is springing her biggest card. It is this: "The United States has not made peace with Germany. She is still technically at war with Germany. Shall the powers admit to the league a state with which America is still at war? Especially shall they do so before America has definitely and finally taken her own stand as regards the league?" And, finally, shall the powers take so-called "snap" action on the matter of Germany in November when the new administration the American people elect in that month will have no power over American foreign policy under the present law?

It is hard to predict whether the French will succeed. One thing is certain, they are up against a difficult proposition. It takes two-thirds vote in the assembly to admit a state to the league. That means that France will have to line up 13 states. It's going to be a hard task to get that number.

FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies Are Using Recipe of Sage Tea and Sulphur

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound" which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.—Advertisement

NEW YORK, Oct. 30.—The New York state campaign of 1920 ended tonight with the leading candidates concentrating their efforts on eleventh hour appeals to the voters of Greater New York.

Secondary interest to the gubernatorial contest is that for United States senator. The fight centers between United States Senator James W. Wadsworth, Republican candidate for reelection, and Lieutenant Governor Harry C. Walker, Democratic nominee with three other candidates in the background, two of them women. They are Mrs. Ella C. Boole of Brooklyn, Prohibition; Jacob Panken, of New York, Socialist; and Rose Schneiderman, of the Bronx, Farmer-Labor party.

Interest in this contest lies in the possible attitude of women voters resulting from organized opposition to Senator Wadsworth on the ground that he opposed woman's suffrage and prohibition.
